

RENTORA PROJECT OVERVIEW

RENTORA PROJECT OVERVIEW Escrow Process with Admin Review

RENT ESCROW PROCESS (3-STAGE WITH ADMIN REVIEW)

Stage 1: Payment Received (HELD Status)

- Tenant/student pays rent, agent fee, and caution fee to the platform
- Payment status set to 'held' (in escrow)
- Admin receives detailed notification email with: payment breakdown, agent name, property details, student name, reason code: PAYMENT_RECEIVED, timestamp
- Funds are held securely on the platform
- Agent balance: NOT UPDATED YET

Stage 2: Move-In Reported

- Agent confirms keys handed over to tenant/student
- Payment status changed to 'move_in_reported'
- Admin receives notification email with: move-in confirmation, agent name, property details, student name, reason code: MOVE_IN_REPORTED, timestamp
- Funds still held in escrow
- Agent balance: NOT UPDATED YET

Stage 3: Admin Reviews & Releases Payment

- Admin reviews the payment transaction in the dashboard
- After verification (fraud checks, documentation review), admin approves release
- Payment status changed to 'released'
- FULL AMOUNT credited to agent balance: Agent fee (10% of rent) + Rent amount + Caution fee
- Admin receives final notification email with: RELEASED status, full breakdown of amounts credited, agent name and updated balance, property details, student name, reason code: PAYMENT_RELEASED, admin who approved, timestamp
- Agent can now withdraw the credited amount

ADMIN EMAIL NOTIFICATIONS - DETAILED SPECIFICATION

Email triggers at three key points:

1. Payment Received (HELD) - Initial notification
2. Move-In Reported - Status update
3. Payment Released - Final action completed

Each email includes:

- Transaction ID
- Agent Name & ID
- Student/Tenant Name
- Property Address
- Payment Breakdown (Rent Amount, Agent Fee 10%, Caution Fee)
- Current Payment Status
- Reason Code (PAYMENT_RECEIVED | MOVE_IN_REPORTED | PAYMENT_RELEASED)
- Timestamp (ISO 8601 format)
- Admin action required (if any)
- Link to transaction in admin dashboard

ANTI-FRAUD PROTECTIONS

- All funds held on platform (not directly transferred)
- Admin manual review before agent receives payment
- Full audit trail of all transactions
- Email notifications provide transparency
